4. Never Forget to Apply Deodorant

Even though it's nice to see men sweat, especially when they work out, they still need deodorant. With vegan ingredients and recyclable packing being at the base of **Herban Cowboy**, the company is truly committed to the environment. For deodorant, try the dusk scent that's free of dyes, alcohol and aluminum. If that doesn't persuade you, then maybe this will. Many TV shows and movies use Herban Cowboy like "Gossip Girl," "Dancing With The Stars" and "Milk."
