GREEN & GROOMED

They're free of dyes, parabens and harsh synthetics that essentially pollute the skin. Now men can embrace their green lifestyle with a non-fufu-smelling personal care line! You can find them at Whole Foods, Lunds & Byerly's.

SEX AND THE CITY MOVIE HITS THEATERS ON MAY 30TH!

On May 30th, all of our fashionista-friends are coming back for the silver-screen version of our favorite HBO show that ended in 2004. There are even a few new characters this time around, including Dreamgirls' Jennifer Hudson as columnist Carrie Bradshaw's assistant and Candice Bergen as the editor of Vogue Magazine. Who doesn't want to live vicariously through the characters in this movie? As the tagline says, it's time to get "Carried away."
